

# All-Inclusive Literature Packages

A service from Oval that provides you with effective sales leaflets and brochures at an all-inclusive price, but with the added creativity that brings your unique company identity and product advantages to the fore.

An Oval creative literature package relieves you of all the problems involved in producing sales literature. Our literature package prices are inclusive of all research, design, copywriting, photography, origination, print, and delivery to one UK address — to the specification and quantities shown for each package.

All packages are printed in 4-colour process + seal on 150gsm art paper, and include the stated number of photographs, which can be cut-out or squared-up. Illustrations can be substituted for photographs, but according to complexity may be subject to extra cost.

## Lit Pack 1
